## Dear Friend

Thank you so much for your interest in promoting Tender Care's WALK FOR LIFE at your church!

We are truly grateful to you for investing your valuable time to help Tender Care serve God in our community! We invite you to be part of this exciting journey.

## Support Tender Care's positive mission

Women experiencing unplanned pregnancy feel alone and afraid. Many are seeking answers about their options. Most just need to talk about their situation with someone.

At Tender Care we strive to provide a welcoming, non judgmental environment where they can feel safe to share their fears and concerns.

Along with education and resources, we want them to know they are valuable, by showing we care for them and their unborn baby.
