“Cowboy Up” is a phrase not frequently heard away from the rodeo circuit. And I would imagine rarely if ever heard in the Keystone State.

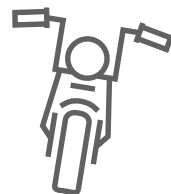

You are probably wondering what in the world, does Cowboy Up have to do with Tender Care and the Pro-Life movement?

With Roe v. Wade back on its heels, it is certainly time to rejoice. However, with radical abortion activists declaring war on Pro-Life Pregnancy Centers, it is time for courage, strength, and the willingness to make sacrifices. It is time to stay determined – to have grit. It is time to Cowboy Up!

Tender Care has been around for 34 years, and through your generosity, we are \$47,000 away from being debt free. This year’s ride is dedicated to paying off our Hanover Center. To be debt free, solidifying our ability to help women and their families embrace the journey of pregnancy and parenthood well into the future.

Ride with me this year as we Cowboy up for Life!

Vincent C. Pacelli
